THIS MONTH'S MEETING

"BACK INJURY PREVENTION FOR ATHLETES IN INDUSTRY"

Liz Ann Wiederker, Certified Health Education Specialist and Deborah Ford, Occupational Therapist of Long Beach Memorial Hospital will address the ergonomic issues and special programs to reduce back injuries in the work place. For most companies, back injuries have a definite negative impact on their financial bottom lines. This occurs mainly through lost workdays and Workers' Compensation claims. As a safety professional, come and participate in finding out how you can utilize and implement this program within your company.

LAST MONTH'S MEETING

Bruce Tingley of Diagnostic Engineering was January speaker on "Asbestos Current Legislation, Regulations and Interpretations"

MARCH MEETING

Dr. Martin will be March guest speaker on "The Role of A Chiropractor in the Safety Industry."

APRIL MEETING

Mary Choate of Cabot Corporation will be speaking on "Hearing Conservation."

MAY MEETING

Lars Bottern will speak on "Heat Stress In The Work Place."

In Occupational Health & Safety Magazine January issue, there was an article published on ergonomics. For a copy of the article, please contact Allen or Linda.
